A UML class diagram illustrating inheritance. At the top is a box labeled 'DrawerInterface'. Below it are three boxes: 'AffineDrawer' on the left, 'BoxDrawer' in the center, and 'GridDrawer' on the right. A horizontal line connects the three bottom boxes. From the center of this line, a vertical arrow points upwards to the bottom of the 'DrawerInterface' box, indicating that 'AffineDrawer', 'BoxDrawer', and 'GridDrawer' all inherit from 'DrawerInterface'.
