

GridAbstractCell

```
classDiagram
    class GridAbstractCell
    class GridCell
    class GridOpenCell
    GridCell --|> GridAbstractCell
    GridOpenCell --|> GridAbstractCell
```

The diagram illustrates a class hierarchy. At the top is a box labeled 'GridAbstractCell'. Below it, a horizontal line connects two boxes: 'GridCell' on the left and 'GridOpenCell' on the right. From the center of this horizontal line, a vertical arrow points upwards to the bottom edge of the 'GridAbstractCell' box, indicating that both 'GridCell' and 'GridOpenCell' inherit from 'GridAbstractCell'.
